Athletes’ Voices:

“Thanks to what’s been done over the years, my children are not only benefiting from what my parents worked for, but it’s going to be a legacy for the story of martial arts in the country for many years. It’s a great feeling knowing that I’m helping to grow this sport.”

— Andrei Wushu (USA)

“With 15 years of event management experience, the foundation for future events grow more every day. Whether it’s sponsor support, participation numbers, exceptional organizational skills, the sports memoral, and a deeper engagement with the Board members… I’m confident that we can achieve new heights.”

— Qingfeng Han (CHN)

Wushu in Brief

Wushu is the collective term for the martial art practices that originated in China. It is one of the oldest and most comprehensive martial art systems in the world. It is an art form that has been developed in various distinct styles and traditions across a wide variety of regional variations and continues to evolve and develop. Wushu and martial arts in general are not only physical exercises and combat techniques but also spiritual disciplines and mental practices.
